

# ***If your business is at Fitz, or if Fitz might be in your future, consider calling on us.***

Many people in the know at Fitz consider us to be the Fitzsimons banking authority. Here's why:

- ❖ **Knowledge:** We are not only close by, we are closely connected. We have unsurpassed personal and banking relationships with Fitzsimons health institutions' administrators and biotech companies, as well as many employees.
- ❖ **Involvement:** We have sponsored numerous events in connection with the University of Colorado Health Sciences Center, the Colorado Bioscience Association and other organizations with a stake in the future of the biosciences campus.
- ❖ **Customization:** We have developed special money-saving benefits for businesses at Fitz. We also have developed a package for employees and residents of Fitz, called FitzRight™ Banking.
- ❖ **Agility:** We continue to be an independent bank, locally owned and managed – a real plus for bringing both responsiveness and stability to our relationships at Fitz.

*Could you use some authoritative information  
and financial help in growing your business at Fitz?  
Call our president, Jim Lewien, at 303-214-5401.*

Real people. Real service.™
