

VALIDANT

CONSULTING

Validant Consulting has one goal: to provide clients with the precise workforce staffing services they need to meet organizational objectives. From large multi-national firms to small start-up companies, we supply premier talent and expert consulting services.

Our in-house staff is comprised of industry-trained staffing specialists and high-level consultants, many of whom are former operational executives from global life science and biometrics organizations. When you work with Validant, you'll receive nothing less than outstanding, responsive service that exceeds your expectations. We stand behind this pledge with an unmatched service guarantee.

We offer workforce staffing and consulting services in these areas:

- *Scientific Research*
- *Clinical*
- *Biometrics*
- *Technology*
- *Finance*
- *Regulatory Affairs*
- *Quality Systems*
- *Auditing*
- *Validation*
- *Manufacturing*

To learn more about how Validant Consulting can meet your need for exceptional life sciences resources, please call 303-355-9704 or e-mail todd@validant.com.
